SUMMARY

Second-year B.Tech Computer Science student at Dhemaji Engineering College (ASTU) with a strong interest in software development. Building solid foundations in data structures, algorithms and object-oriented programming in C/C++ and Python. Looking for a software engineering internship where I can learn from experienced engineers and contribute to real products.

EDUCATION

2025 – 2029 **B.Tech, Computer Science & Engineering**
Dhemaji Engineering College (DEC) · Assam Science and Technology University (ASTU)
- Currently in the third semester.
- Focus areas: data structures & algorithms, object-oriented programming, programming in C/C++ and Python.

2022 – 2024 **Higher Secondary**
Delhi Public School

2018 – 2022 **Secondary School**
Morangi D.N. High School

PROJECTS

2026 **Personal portfolio website — HTML, CSS, JavaScript**
- Designed and built a responsive personal site from scratch, without frameworks or templates.
- Implemented light/dark themes, accessible navigation and reduced-motion support.
- Added structured data and an AI-readable profile; deployed on GitHub Pages.

2026 **Console calculator — C++**
- Built a menu-driven calculator using a switch statement inside a do–while loop.
- Handled invalid choices and guarded division by zero instead of letting the program fail.

In progress **DSA in C++ — practice log**
- Public log of data structures and algorithms with approach notes and time/space complexity.
- Working through arrays, strings, recursion, searching and sorting.

SKILLS

Languages	C, C++, Python, JavaScript (learning)
Fundamentals	Data structures, algorithms, object-oriented programming, problem solving
Tools	Git, GitHub, GitHub Pages, VS Code
Web	Semantic HTML, modern CSS, vanilla JavaScript, responsive design
